## MANAGEMENT INFORMATION CIRCULAR (Containing information as at May 4, 2018, unless indicated otherwise)

### SOLICITATION OF PROXIES

This management information circular ("Information Circular") is furnished in connection with the solicitation of proxies by the management ("Management") of NGEx Resources Inc. (the "Corporation") for use at the annual general meeting (the "Meeting") of the holders (the "Shareholders") of common shares in the capital of the Corporation (the "Common Shares") to be held on Tuesday, June 12, 2018 at the time and place and for the purposes set out in the accompanying Notice of Annual General Meeting of Shareholders (the "Notice of Meeting"). References in this Information Circular to the Meeting include any adjournment(s) or postponement(s) thereof.

While it is expected that the solicitation will be made by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Corporation at nominal cost. All costs of this solicitation will be borne by the Corporation.

Unless otherwise stated, the information contained in this Information Circular is as of May 4, 2018. All dollar amounts referenced, unless otherwise indicated, are expressed in Canadian dollars, which is the Corporation's reporting currency.

### APPOINTMENT OF PROXYHOLDER AND VOTING OF PROXIES

The individuals named in the enclosed form of proxy are officers and/or directors of the Corporation (the "Management Proxyholders"). A Shareholder desiring to appoint some other person, who need not be a Shareholder, to represent such Shareholder at the Meeting, may do so, either by striking out the names of those persons named in the accompanying form of proxy and inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy. A proxy will not be valid unless the completed form of proxy is received by the Corporation's transfer agent, Computershare Investor Services Inc. ("Computershare"), at Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, or via fax to 1-866-249-7775, or via phone to 1-866-732-8683, or via Internet to [www.investorvote.com](http://www.investorvote.com), not less than 48 hours (excluding Saturdays, and holidays) before the time for holding the Meeting, or any adjournment or postponement thereof.

### NON-REGISTERED HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through banks, brokers, trustees or other persons ("Intermediaries"), or who otherwise do not hold their Common Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares ("Registered Shareholders") will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the Shareholder's name. Such Common Shares more likely will be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name of the Canadian Depositary for Securities which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires Intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. The Intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to Registered Shareholders by the Corporation and is commonly referred to as a "voting instruction form". However, its purpose is limited to instructing the broker or agent of the broker how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails such forms to Beneficial Shareholders and asks Beneficial Shareholders to return the

forms to Broadridge or otherwise communicate voting instructions to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote their Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through an Intermediary, please contact that Intermediary promptly for assistance.** Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the Registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the Registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

These securityholder materials are being sent to both Registered Shareholders and Beneficial Shareholders who have not objected to the Intermediary through which their Common Shares are held disclosing ownership information about themselves to the Corporation (“**NOBOs**”). If you are a NOBO, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If you are a Beneficial Shareholder who has objected to the Intermediary through which your Common Shares are held disclosing ownership information about you to the Corporation (an “**OBO**”), the Corporation does intend to pay for an Intermediary to deliver the proxy-related materials with respect to the Meeting and related forms to OBOs.

#### **HOLDERS OF EUROCLEAR SWEDEN REGISTERED SHARES**

The information in this section is of significance to Shareholders who hold their securities (“Euroclear Registered Securities”) through Euroclear Sweden AB, which securities trade on the NASDAQ OMX Stockholm. Shareholders who hold Euroclear Registered Securities are not registered holders of voting securities for the purposes of voting at the Meeting. Instead, Euroclear Registered Securities are registered under CDS & Co., the registration name of the Canadian Depository for Securities. Holders of Euroclear Registered Securities will receive a voting instruction form by mail directly from Computershare AB (“Computershare Sweden”). The voting instruction form cannot be used to vote securities directly at the Meeting. Instead, the voting instruction form must be completed and returned to Computershare Sweden, strictly in accordance with the instructions and deadlines that will be described in the instructions provided in the voting instruction form.

#### **NOTICE AND ACCESS**

The Corporation is not using “notice and access”, as defined in National Instrument 54-101 – Communications with Beneficial Owners of Securities of a Reporting Issuer and is sending the Meeting materials to Shareholders.

#### **REVOCAION OF PROXIES**

A Registered Shareholder who has given a proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder’s attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Corporation at Suite 2200, 885 West Georgia Street, Vancouver, British Columbia, Canada, V6C 3E8, at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement of it or to the chair of the Meeting on the day of the Meeting or any adjournment or postponement of it. **Only Registered Shareholders have the right to revoke a proxy. Beneficial Shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective intermediaries to revoke the proxy on their behalf.** A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

#### **VOTING OF PROXIES**

The Common Shares represented by a properly executed proxy in favour of Management Proxyholders will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the Management Proxyholder on any ballot that may be called for; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.

The enclosed form of proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. If any amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the Management Proxyholders to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, Management knows of no such amendment, variation or other matter that may be presented to the Meeting.

#### INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as set out herein, no person who has been a director or executive officer of the Corporation at any time since the beginning of the last financial year, nor any proposed nominee of Management for election as a director of the Corporation and, to the knowledge of the Corporation, no associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors.

#### VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Corporation is authorized to issue an unlimited number of Common Shares of which 226,370,653 Common Shares are issued and outstanding as at May 4, 2018.

Shareholders registered as at May 4, 2018 (the “**Record Date**”) are entitled to attend and vote at the Meeting. Shareholders who wish to be represented by proxy at the Meeting must deliver their form of proxy at the place and within the time set forth in the notes to the form of proxy to entitle the person appointed by the form of proxy to attend and vote.

Every individual who is present and is entitled to vote as a Shareholder or as a representative of one or more corporate Shareholders will have one vote, for each Common Share registered in that Shareholder’s name on the list of Shareholders as at the Record Date, which is available for inspection during normal business hours at Computershare, and will be available at the Meeting. **Shareholders represented by proxy holders are not entitled to vote on a show of hands.**

The following table sets forth the only persons who as of the date hereof, to the knowledge of the directors and executive officers of the Corporation, beneficially own or control or direct, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all outstanding Common Shares:

Name	Number of Shares	Percentage
Lorito Holdings S.à.r.l. (“ <b>Lorito</b> ”) <sup>(1)</sup>	20,500,000	9.06%
Zebra Holdings and Investments S.à.r.l.(“ <b>Zebra</b> ”) <sup>(1)</sup>	40,884,729	18.06%

Note:

- (1) Lorito and Zebra, who report their security holdings as joint actors, are private corporations owned by a trust whose settlor was the late Adolf H. Lundin. Together, Lorito and Zebra hold a total of 61,384,729 Common Shares, which represents approximately 27.12% of the current outstanding Common Shares. In addition, Zebra holds an unsecured US\$ 1 million Debenture issued by the Corporation (the “**Debenture**”), which has a maturity date of August 9, 2018 (the “**Maturity Date**”). For each US\$50,000 drawn and outstanding from time to time on the Debenture, the Corporation will issue an additional 700 Common Shares per month up to the Maturity Date. All securities issued with respect to the Debenture are subject to a four month hold period. As of the date of this Information Circular, there are no funds drawn on the Debenture.

## PARTICULARS OF MATTERS TO BE ACTED UPON

### ELECTION OF DIRECTORS

The board of directors (the “**Board**”) presently consists of six (6) directors and it is intended to elect six (6) directors for the ensuing year.

According to its Articles of Continuance, the Corporation may have a minimum of one and a maximum of 10 directors. The term of office of each of the present directors expires at the Meeting. The persons named below will be presented for election at the Meeting as Management’s nominees and the Management Proxyholders in the accompanying form of proxy intend to vote for the election of these nominees. Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will hold office until the next annual meeting of Shareholders or until his successor is duly elected or appointed, unless his office is earlier vacated in accordance with the by-laws of the Corporation or the provisions of the *Canada Business Corporations Act* (the “**CBCA**”).

On April 30, 2013, the Board approved an amendment to its by-laws to provide for an advance notice requirement for nominations of directors by Shareholders, which amendment was ratified by Shareholders at the annual and special meeting held on June 19, 2013. The Corporation did not receive notice of any director nominations in connection with the Meeting within the time periods prescribed by the amended by-law. Accordingly, at the Meeting, the only persons eligible to be nominated for election to the Board are the proposed directors (as defined below).

The Corporation adopted a majority voting policy on March 11, 2013, as amended May 5, 2014 with respect to the election of directors. Pursuant to the majority voting policy, each director must, subject to the provisions below, be elected by the vote of a majority of the Common Shares, represented in person or by proxy, at any meeting for the election of directors other than at contested meetings. Forms of proxy for the election of directors will permit a Shareholder to vote in favour of, or to withhold from voting, separately for each director nominee. The Chair of the Board will ensure that the number of Common Shares voted in favour or withheld from voting for each director nominee is recorded and promptly made public after the meeting. If any nominee for director receives, from the Common Shares voted at the meeting in person or by proxy, a greater number of Common Shares withheld than Common Shares voted in favour of his or her election, the director must immediately tender his or her resignation to the Board following the meeting to take effect upon acceptance by the Board. The Board shall accept the resignation absent exceptional circumstances, and such resignation will be effective when accepted by the Board. To assist the Board in making a determination with regard to exceptional circumstances, the Board will refer the resignation to the Corporate Governance and Nominating Committee who will expeditiously consider whether to recommend that the Board accept such director’s resignation. In making this recommendation, the Corporate Governance and Nominating Committee may consider such extenuating circumstances as it deems appropriate including, without limitation, circumstances relating to the composition of the Board or the voting results. The Board shall determine whether or not to accept the resignation within 90 days after the date of the relevant Shareholders' meeting and promptly announce that decision (and the reasons for rejecting the resignation, if applicable) by way of a news release, a copy of which shall be provided to the Toronto Stock Exchange (“**TSX**”). Any director who tenders a resignation pursuant to the policy will not participate in any meeting of the Board or any sub-committee of the Board at which the resignation is considered. The majority voting policy applies only to uncontested elections, where the number of nominees as director is equal to the number of directors to be elected. If the director fails to tender his or her resignation as contemplated in the majority voting policy, the Board will not re-nominate the director. Subject to any corporate law restrictions, and in accordance with the Corporation’s articles and by-laws, where the Board accepts the offer of resignation of a director and that director resigns, the Board may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of Shareholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the Shareholders, or call a special meeting of Shareholders to elect a new nominee to fill the vacant position.

The following table and notes thereto sets out the name of each person proposed to be nominated by Management for election as a director (a “**proposed director**”), the province and country in which he/she is ordinarily resident, all offices of the Corporation now held by him/her, his/her principal occupation, the period of time for which he/she has been a director of the Corporation, and the number of Common Shares beneficially owned, or controlled or directed, directly or indirectly, by him/her and his/her associates or affiliates, as at the date hereof.

Mr. Lukas Lundin was a director of Sirocco Mining Inc. (“Sirocco”). Mr. Lundin resigned as a director of Sirocco on January 31, 2014, at which time Sirocco was a publicly-traded company and financially solvent. Pursuant to a Plan of Arrangement completed on January 31, 2014, Canada Lithium Corp. (“Canada Lithium”) acquired Sirocco. The final step in the transaction was the amalgamation of Canada Lithium and Sirocco to form RB Energy Inc. (“RBI”). In October, 2014, RBI commenced proceedings under the Companies’ Creditors Arrangement Act (the “CCAA”) and, in November, 2014, the TSX delisted RBI’s common shares for failure to meet its continued listing requirements. PricewaterhouseCoopers LLP have served as auditor of the Corporation since 2009.

This information is provided in the Corporation’s annual information form dated March 26, 2018 (the “**AIF**”) with respect to the fiscal year ended December 31, 2017. The AIF is available for review by the public on the SEDAR website located at [www.sedar.com](http://www.sedar.com) “Company Profiles – NGEx Resources Inc.” and may also be obtained free of charge by sending a written request to the Corporate Secretary at the Corporation’s head office located at Suite 2000, 885 West Georgia Street, Vancouver, British Columbia, V6C 3E8.

The Compensation Committee is responsible for implementing and overseeing the Corporation's compensation policies and programs as approved by the Board. The Compensation Committee's responsibilities include:

- recommending compensation policies and guidelines to the Board;
- ensuring that the Corporation has in place programs to attract and develop executive officers of the highest caliber and a process to provide for the orderly succession of executive officers; and
- reviewing and approving corporate goals and objectives relevant to the compensation of executive officers and, in light of those goals and objectives, recommending to the Board the annual salary, bonus and other benefits, direct and indirect, of executive officers.

The Compensation Committee considers and evaluates executive compensation levels on an annual basis against available information for "peer group" companies, which are principally comprised of "junior mineral exploration" companies, to ensure that the Corporation's executive compensation levels are within the range of comparable norms. In selecting peer group companies, the Compensation Committee primarily looks for public companies that are comparable in terms of business and size. For the 2017 review, using public filings, the Compensation Committee considered the executive compensation levels, including benefits, of Bear Creek Mining Corp., Denison Mines Corp., Liberty Gold Corp. Northern Dynasty Minerals Ltd., and Western Copper and Gold Corporation (the "**Comparator Group**"). Specific targets for each element of compensation as against the Comparator Group are further discussed under each applicable heading.

The Compensation Committee also considered the Corporation's overall performance during 2017, including financial, operational and other relevant factors and management's impact on the Corporation's performance in determining total compensation. Key milestones achieved during 2017 include:

- Completion of a non-brokered private placement, which closed on January 3, 2018, of 12,500,000 Common Shares for gross proceeds of \$12.5 million;
- Acquisition of the remaining 40% interest in the Josemaría Project from Japan Oil, Gas and Metals National Corporation and securing a 100% interest in the project, which is located in San Juan Province, Argentina; and
- Acquisition of two new copper-gold exploration projects, the Nacimientos and Acay properties, to its portfolio in Argentina.

#### **Role of Management in Determining Compensation**

The accountability for decisions on executive remuneration is clearly within the mandate of the Compensation Committee, but Management has a key role in helping support the Compensation Committee in fulfilling its obligations. For example, the CEO makes recommendations to the Compensation Committee regarding executive officer base salary adjustments, stock option grants and discretionary bonuses, other than with respect to the CEO's own remuneration. The Compensation Committee reviews the basis for these recommendations and can exercise its discretion in modifying any of the recommendations prior to making its recommendations to the Board. The Board can also exercise discretion to increase or decrease amounts prior to making its final determination. The CEO does not make a recommendation to the Compensation Committee with respect to his own remuneration package, which is determined by the Compensation Committee for recommendation and approval by the Board.

## Elements of NEO Compensation

NEO compensation for the year ended December 31, 2017, was comprised of three components:

- **Base salaries** – A NEO's base salary is intended to remunerate the NEO for discharging job responsibilities and reflects the executive's performance over time. Base salaries are reviewed using a comparator group, thereby enabling the Corporation to compete for and retain executives critical to the Corporation's long-term success and are also used as the basis to determine other elements of compensation and benefits. As payment of base salaries does not depend on the performance of any specific targets or goals, it is not viewed as "at risk" compensation.
- **Performance-based Bonuses** – Discretionary performance-based bonuses are considered from time to time to reward those who have achieved exceptional performance and meet the objectives of the Corporation's compensation program by rewarding pay for performance.
- **Stock Options** – The stock option component of a NEO's compensation, which includes a vesting element to ensure retention, meets the objectives of the Corporation's compensation program by both motivating the executive towards increasing share value and enabling the executive to share in the future success of the Corporation. The vesting provisions also reduce the risk of short term decision making. See "Incentive Awards".

Other benefits do not form a significant part of the remuneration package of any of our NEOs.

A number of factors are considered by the Compensation Committee and the Board when determining NEO compensation, including:

- the NEO's individual contribution to the benefit of the Corporation and the assessment of each NEO's individual performance;
- the long-term interests of the Corporation and its Shareholders including exploration success;
- the NEO's responsibilities, length of service and levels of compensation provided by industry competitors; and
- the operational performance and the Corporation's financial position.

### *Base Salary*

Base salaries are a fixed component of compensation to ensure that the Corporation remains competitive and continues to attract and retain qualified and experienced executives.

The annual base salaries of the CEO and the CFO are paid pursuant to respective employment agreements between each individual and the Corporation.

The annual base salaries payable to the other NEOs, namely Messrs. Beck, Carmichael and Vitaller, are paid pursuant to individual employment agreements between the NEOs and the Corporation and are allocated and prescribed pursuant to a cost sharing arrangement with Filo Mining Corp. ("**Filo Mining**") for the provisions of key management personnel services to the Corporation. Under the terms of a services agreement between the Corporation and Filo Mining, dated September 11, 2017 (the "**Services Agreement**"), Filo Mining provides executive management, corporate secretarial, business and corporate development services to the Corporation, while the Corporation provides accounting and technical advisory services to Filo Mining.. See "*Services Agreement with Filo Mining Corp.*" below.

Pursuant to the Services Agreement, the annual base salaries of Messrs. Beck, Carmichael and Vitaller are paid by Filo Mining and shared on a pro rata basis between the Corporation and Filo Mining. Please see "*Summary Compensation Table*" below for the cost sharing details.

Base salaries are reviewed and, if appropriate, adjusted annually. The Corporation endeavours to pay the salaries of its NEOs at the mid-range level of the Comparator Group while providing NEOs with additional performance-based compensation such as discretionary performance-based bonuses and stock options, as further discussed below. There will, however, be occasions when the Corporation pays salaries above or below this level depending on the individual skills and experience of the executive. The base salaries of the CEO and CFO were not adjusted in 2017. On February 1, 2017, Mr. Beck was appointed to the position of Vice President, Corporate Development and Projects and, in recognition of his increased responsibilities related to the appointment, his overall base salary, which is shared on a pro rata basis between the Corporation and Filo Mining pursuant to the Services Agreement, was increased by approximately 21%, from \$186,000 to \$225,000. On September 1, 2017, Mr. Carmichael's base salary, which is also shared on a pro rata basis between the Corporation and Filo Mining pursuant

to the terms of the Services Agreement, was increased by approximately 7.4% from \$242,000 to \$260,000. Mr. Vitaller, the Corporation's General Manager, South American Operations, resides in Argentina and, as a result, his base salary is paid in Argentine pesos. In consideration of the devaluation of the Argentine pesos over the last three years, the Corporation reviewed and increased Mr. Vitaller's annual base salary which is denominated in Argentine pesos. Applying the average annual Canadian /Argentine exchange rates for the respective reporting years, as obtained from the Bank of Canada, Mr. Vitaller's 2016 and 2017 compensation in Canadian dollar may increase or decrease depending on the foreign currency for that reporting year. Please see "Summary Compensation Table" below for further details.

#### *Performance-based Bonuses*

The Compensation Committee provides recommendations on discretionary cash bonuses from time to time. Performance bonus for a NEO, if any, is generally determined and awarded in the first quarter of the subsequent year in which the NEO's performance is being considered. Bonuses are a variable, or "at-risk", component of compensation designed to pay for performance and support the Corporation's vision, mission and values. To determine the amount of discretionary cash bonuses to award to a NEO the Compensation Committee considers the performance factors described above in the section under the heading "Elements of NEO Compensation" as well as taking into consideration both individual and corporate performance measures, including financials, budgetary, projects and other initiatives. Such performance measures are based on a subjective assessment by the Compensation Committee in light of overall performance achieved during that year and are not based on objectively defined targets. Although the Compensation Committee reviews bonuses paid by the Comparator Group noted above, the Compensation Committee does not formally benchmark bonuses.

On February 21, 2018, the Board, on the recommendation of the Compensation Committee, determined that it was appropriate to pay bonuses to the NEOs for their performance in 2017. Namely, in connection with their performance for the year ended December 31, 2017, Messrs. Wodzicki, Carmichael, Vitaller, Beck, and Ms. Ngo, each were awarded the following bonuses in recognition of their efforts on behalf of the Corporation:

Name	Bonus Awarded (\$)
<b>Wojtek A. Wodzicki</b> President & CEO	200,000
<b>Joyce Ngo</b> CFO	75,000
<b>Robert Carmichael</b> VP Exploration	32,500
<b>James Beck</b> VP Corporate Development and Projects	30,000
<b>Alfredo Vitaller</b> General Manager, South American Operations	60,000

The bonus awarded to the NEO's for performance in 2017 was paid on April 15, 2018.

#### *Stock Options*

The Corporation provides long-term incentives through stock option grants pursuant to its Share Option Plan. Options are a variable, or "at-risk", component of compensation which are considered to be an effective vehicle for deepening a sense of ownership amongst executives and increasing alignment with the interests of Shareholders, as they vest over time and provide an incentive to create long-term growth.

The purpose of the Share Option Plan is to promote the interests of the Corporation by:

- providing its directors, senior officers, employees, management company employees and consultants (the "Eligible Persons") with additional incentive;
- encouraging stock ownership by such Eligible Persons;
- increasing proprietary interest of Eligible Persons in the success of the Corporation;
- encouraging Eligible Persons to remain with the Corporation or its affiliates; and
- attracting new employees, directors and officers.

All NEOs are eligible to participate in the Share Option Plan. Reference is made to the heading “Equity Compensation Plan Information” for a description of the Share Option Plan.

Stock options are generally awarded to Eligible Persons at the commencement of employment and periodically thereafter. In making a determination as to whether a grant of long-term incentive stock options is appropriate, and if so, the number of options that should be granted, consideration is given to: in addition to the performance factors referred to under “Elements of NEO Compensation”, the number and terms of outstanding incentive stock options held by the NEO; past and expected future performance of the NEO; the potential dilution to Shareholders; general industry standards; and the limits imposed by the terms of the Corporation’s Share Option Plan and the TSX. The Corporation considers the granting of incentive stock options to be a particularly important element of compensation as it allows the Corporation to reward each NEO’s efforts to increase value for Shareholders without requiring the Corporation to use cash from its treasury. Stock options also allow the Corporation to be flexible to recognize the needs of the Corporation in different business environments. The terms and conditions of the Corporation’s stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Share Option Plan, which are described under “Incentive Plan Awards” and “Equity Compensation Plan Information”. Although the Compensation Committee reviews options granted by the peer group noted above, the Compensation Committee does not formally benchmark option grants.

Taking into account the factors described above, on February 21, 2018, the Compensation Committee recommended and the Board approved the following stock option grants:

Name	Options Granted <sup>(1)</sup> (#)	Option Exercise Price (\$)	Option Expiration Date
<b>Wojtek A. Wodzicki</b> President & CEO	450,000	1.24	Feb. 26, 2021
<b>Joyce Ngo</b> CFO	200,000	1.24	Feb. 26, 2021
<b>Robert Carmichael</b> VP Exploration	100,000	1.24	Feb. 26, 2021
<b>James Beck</b> VP, Corporate Development and Projects	100,000	1.24	Feb. 26, 2021
<b>Alfredo Vitaller</b> General Manager, South American Operations	100,000	1.24	Feb. 26, 2021

<sup>(1)</sup> Options granted vest over a two-year period, one-third immediately, one-third after 12 months and one-third after 24 months from the date of grant. See “Incentive Plan Awards”.

#### *Benefits and Perquisites*

Benefits do not form a significant part of the remuneration package of any of the NEOs. In most cases, employment benefits, health care and life insurance are provided in a manner which is in keeping with industry standards. During the financial year ended December 31, 2017, none of the NEOs received any perquisites which in the aggregate were greater than \$50,000 or 10% of the respective NEO’s salary.

#### *Risks Associated with Corporation’s Compensation Policies and Practices*

Given the current stage of development of the Corporation, neither the Board nor the Compensation Committee has proceeded to a formal evaluation of the implications of the risks associated with the Corporation’s compensation policies and practices; however, risk management is a consideration of the Board generally when implementing its compensation program. The Board and the Compensation Committee do not believe that the Corporation’s compensation program results in unnecessary or inappropriate risk-taking and the Board and the Compensation Committee have not identified any risks arising from the compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. Corporation’s NEOs and directors are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

## PERFORMANCE GRAPH

The following graph compares the total cumulative shareholder return for \$100 invested in Common Shares of the Corporation from December 31, 2012 to December 31, 2017 with the cumulative total return of the S&P/TSX Global Base Metals Index and the S&P/TSX Venture Composite for the five most recently completed financial years of the Corporation. The graph below excludes the additional increase in the shareholder value which had resulted from the spin out of Filo Mining, which began trading on the TSX-V under the trading symbol “FIL” on August 16, 2016. The share performance as set out in the graph does not necessarily indicate future price performance.

The Corporation does not directly tie increases or decreases in the level of executive compensation year over year, if any, to the increases or decreases in the market performance of the shares. That being said, the value of any equity component of executive compensation, including stock options, will naturally fluctuate along with any fluctuations in the market performance of the shares.

From 2013 to 2015, shareholder return generally declined due to disruptions in the financial and junior resource markets amidst persistent risk aversion sentiment and volatility in commodity prices (particularly the price of copper) and underwhelming economic news from many of the world’s advanced and developing economies. Due to these market conditions and a desire to conserve the Corporation’s treasury for use in exploration and business development, and despite the increased experience of the individual executives and exploration successes, the Corporation did not offer any performance-based bonuses or increases in the base salaries paid to its NEOs, other than inflationary adjustments from 2013 to 2015.

Starting in 2015, market performance of the Corporation’s shares improved and trended upwards and, for the year ended December 31, 2016, in recognition of the Corporation’s successful completion of the spin out of its wholly-owned Filo del Sol Project into Filo Mining, by way of a plan of arrangement under the Canada Business Corporations Act (the “**Arrangement**”); the successful completion of the 2016 Private Placements; the successful completion of a positive preliminary economic assessment for Project Constellation; securing access rights for the Los Helados Project; and exploration successes, the Corporation paid performance-based bonuses to its NEOs. In addition, for the year ended December 31, 2017, in recognition of the Corporation’s successful completion of a private placement for gross proceeds of \$12.5 million, which closed on January 3, 2018; the acquisition of the remaining interest in the Josemaría Project; and the acquisition the Nacimientos and Acay properties in Argentina, the Corporation paid performance-based bonuses to its NEOs. See “Performance-based Bonuses” above for further details. In addition, the Corporation increased the salaries of two of its NEOs. See “Base Salary” above for further details.

The Board is satisfied that the compensation offered to the Corporation's NEOs is consistent with the Corporation's continued progress in building its business and improving its asset base, and is fair and reasonable, notwithstanding the trend in the Corporation's performance shown in the graph above.

#### Notes:

- (1) The Corporation used the Black-Scholes option pricing model for determining the fair value of stock options issued at grant date and is consistent with the determinations used for financial statement purposes. The Corporation selected the Black-Scholes model given its prevalence of use within North America. The key assumptions used for this determination for 2017 are: a) average risk-free rate of 0.76%; b) expected life of 2.5 years; c) the price of the stock on the grant date; d) expected volatility of 57%; and d) no expected dividend payments. For the 2016 assumptions they were: a) average risk-free rate of 0.43%; b) expected life of 2.5 years; c) the price of the stock on the grant date; d) expected volatility of 59%; and d) no expected dividend payments. For the 2015 assumptions they were: a) average risk-free rate of 0.67%; b) expected life of 2.5 years; c) the price of the stock on the grant date; d) expected volatility of 49%; and d) no expected dividend payments. The amount presented in the table represents the fair value of the options granted in the period. It should be recognized that the actual future value will be based on the difference between the market value at time of exercise and the exercise price. Therefore, the value attributed to the stock options under the Black-Scholes model does not necessarily correspond to the actual future value that will be realized.
- (2) A performance bonus for a NEO, if any, is generally determined and awarded in the first quarter of the subsequent year in which the NEO's performance is being considered. For the year ended December 31, 2017, performance bonuses were awarded in the first quarter of 2018; and for the year ended December 31, 2016 performance bonuses were awarded in the first quarter of 2017. There were no bonuses awarded to any of the NEOs for the year ended December 31, 2015. See "Annual Incentive Plans".

## DIRECTOR COMPENSATION

The objectives of the compensation program for directors are to attract, retain and inspire performance of members of the Board of a quality and nature that will enhance the Corporation's growth. The compensation is intended to provide an appropriate level of remuneration considering the experience, responsibilities, time requirements and accountability of directors. The philosophy, and market comparisons and review with respect to director compensation, is the same as for executive compensation. See "Compensation Discussion and Analysis" above. The Compensation Committee reviews director compensation annually.

### *Director Compensation Table*

During 2017, the Compensation Committee reviewed and recommended, and the Board approved an increase in the annual fees per annum paid to the non-executive directors of the Corporation and for serving as Board Chair and Lead Director. In addition, the Board Chair is paid an additional retainer of \$25,000 per year and the Lead Director is paid an additional retainer of \$10,000 per year. The Chair of the Corporate Governance and Nominating Committee is paid an additional retainer of \$1,000 per year. The Lead Director, who also currently acts as the Chair of the Compensation and Audit committees of the board, does not receive any additional retainer in his capacity as Chair of the Compensation Committee or in his capacity as Chair of the Audit Committee.

- (3) Fees include an additional \$25,000 in fees for serving as Chairman.
- (4) Fees include an additional \$10,000 in fees for serving as the Lead Director. The Corporation's Amended Share Option Plan was adopted by the Board on May 8, 2017 and approved by the Corporation's Shareholders on June 15, 2017 (the "**Share Option Plan**"). The following summary provides details regarding the Share Option Plan. The Share Option Plan is in the form of a rolling stock option plan reserving an aggregate of 10% of the issued and outstanding Common Shares of the Corporation for issuance upon the exercise of options granted thereunder and provides, among other things, that: (i) the aggregate number of Common Shares reserved for issuance to insiders pursuant to the Share Option Plan and all other security-based compensation arrangements shall not exceed 10% of the total number of Common Shares then outstanding; (ii) the aggregate number of Common Shares issued to insiders pursuant to the exercise of options, within a one-year period, pursuant to the Share Option Plan and all other security-based compensation arrangements shall not exceed 10% of the total number of Common Shares then outstanding; (iii) the aggregate number of options granted to any one person within a 12 month period, shall not exceed 5% of the total number of Common Shares then outstanding; and (iv) option grants in any one fiscal year to all non-employee directors shall not exceed 1% of the outstanding Common Shares at that time.

The Share Option Plan authorizes the Board, or a committee appointed for such purposes, to grant options to purchase Common Shares to Eligible Persons, to determine the terms, including the limitations, restrictions and conditions, if any, upon such grants, to interpret the Share Option Plan and to adopt, amend and rescind such administrative guidelines and other rules relating to the Share Option Plan as it may from time to time deem advisable, subject to required prior approval by any applicable regulatory authority, and without further Shareholder approval. The Board will establish the exercise price of an option at the time each option is granted provided that such price shall not be less than the closing price of the Common Shares on the TSX (or, if such Common Shares are not then listed and posted for trading on the TSX, on such other stock exchange on which the Common Shares are listed and posted for trading as may be selected by the Board) on the last business day immediately preceding the date of grant of such option. If there is no trading on that date, the exercise price shall not be less than the weighted average of the bid and ask prices on the five consecutive trading days preceding the date of the grant.

The term of options granted under the Share Option Plan shall not exceed 10 years from the date of grant. Vesting under the Share Option Plan is at the discretion of the Board. In the event that any option expires during, or within 48 hours after, a self-imposed blackout period on trading securities of the Corporation, such expiry date will become the tenth day following the end of the blackout period. All options granted under the Share Option Plan are not transferable other than by will or the laws of dissent and distribution.

If an optionee ceases to be an Eligible Person for any reason whatsoever other than for cause or death, each option held by such optionee will cease to be exercisable 90 days following the termination date (being the date on which such optionee ceases to be an Eligible Person), or such longer period as determined by the Board, provided that any such extension may not extend the period for exercise beyond the original expiry date of the option. If an Eligible Person is dismissed with just cause, each option held by such optionee shall cease to be exercisable immediately upon the termination date. ### Three Year Burn Rate

The annual burn rate for each of the three most recently completed fiscal years for the Corporation's security-based compensation arrangement, being the Share Option Plan, are as follows:

	December 31, 2017	December 31, 2016	December 31, 2015

### DISCLOSURE OF CORPORATE GOVERNANCE PRACTICE

National Instrument 58-101, Disclosure of Corporate Governance Practices ("**NI 58-101**") requires reporting issuers to disclose the corporate governance practices, on an annual basis, that they have adopted. Attached as Appendix "1" to this Information Circular is the disclosure required by NI 58-101 which has been prepared by the Corporate Governance and Nominating Committee and approved by the Board.

The Board recognizes the importance of corporate governance to the effective management of the Corporation and to the protection of its employees and Shareholders. The Corporation's approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Corporation are effectively managed so as to enhance Shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Corporation's affairs and in light of opportunities or risks which may arise.

The Corporation's corporate governance practices have been, and continue to be, in compliance with applicable Canadian requirements. The Corporation continues to monitor developments in Canada with a view to further revising its governance policies and practices, as appropriate.

### Differences regarding Swedish Corporate Governance Code

The Nasdaq Stockholm exchange in Sweden has a set of rules of corporate governance as set forth in the Swedish Corporate Governance Code (the "Swedish Code"). NGEx has a secondary listing on the Nasdaq Stockholm exchange, however, as its primary exchange is the TSX, it follows the Corporate Governance rules applicable to a TSX listed Company under Canadian securities laws ("Canadian Corporate Governance Rules"). There are differences between shareholder rights in Sweden, including the Swedish Code requirements, and Canadian Corporate Governance Rules. A description of the key differences is posted on NGEx's website.

The management functions of the Corporation are performed by the directors and officers of the Corporation and not, to any substantial degree, by any other person with whom the Corporation has contracted, except as set forth below.

Pursuant to the Services Agreement, the Corporation has a cost sharing arrangement with Filo Mining by way of providing key management personnel services to the Corporation. Under the terms of the Services Agreement, Filo Mining provides management, corporate secretarial, business and corporate development services to the Corporation, while the Corporation

The Corporate Governance and Nominating Committee is comprised of three directors, all of whom are independent.</p> <p>The Corporate Governance and Nominating Committee is responsible for developing and monitoring the Corporation's approach to corporate governance issues and has primary responsibility for identifying prospective Board members. The Corporate Governance and Nominating Committee, among other things, oversees the effective functioning of the Board and oversees the relationship between the Board and management.
