MANAGEMENT INFORMATION CIRCULAR

(Containing information as at May 6, 2016, unless indicated otherwise)

SOLICITATION OF PROXIES

This Management Information Circular ("Information Circular") is furnished in connection with the solicitation of proxies by the management ("Management") of NGEx Resources Inc. (the "Corporation") for use at the annual meeting (the "Meeting") of the holders (the "Shareholders") of common shares in the capital of the Corporation (the "Common Shares") to be held on Thursday, June 16, 2016 at the time and place and for the purposes set out in the accompanying Notice of Annual Meeting of Shareholders ("Notice of Meeting"). References in this Information Circular to the Meeting include any adjournment or adjournments thereof.

While it is expected that the solicitation will be made by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Corporation at nominal cost. All costs of this solicitation will be borne by the Corporation.

Unless otherwise stated, the information contained in this Information Circular is as of May 6, 2016. All dollar amounts referenced, unless otherwise indicated, are expressed in Canadian dollars, which is the Corporation's reporting currency.

APPOINTMENT OF PROXYHOLDER AND VOTING OF PROXIES

The individuals named in the enclosed form of proxy are officers and/or directors of the Corporation (the "Management Proxyholders"). A Shareholder desiring to appoint some other person, who need not be a Shareholder, to represent such Shareholder at the Meeting, may do so, either by striking out the names of those persons named in the accompanying form of proxy and inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy. A proxy will not be valid unless the completed form of proxy is received by the Corporation's transfer agent, Computershare Investor Services Inc. ("Computershare"), at Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, or via fax to 1-866-249-7775, or via phone to 1-866-732-8683, or via Internet to www.investorvote.com, not less than 48 hours (excluding Saturdays, and holidays) before the time for holding the Meeting, or any adjournment thereof.

NON-REGISTERED HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through banks, brokers, trustees or other persons ("Intermediaries"), or who otherwise do not hold their Common Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares ("Registered Shareholders") will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the Shareholder's name. Such Common Shares more likely will be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name of the Canadian Depository for Securities which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions,

brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The Intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to Registered Shareholders by the Corporation and is commonly referred to as a "**voting instruction form**". However, its purpose is limited to instructing the Registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails such forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote their Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through an Intermediary, please contact that Intermediary promptly for assistance.** Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the Registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the Registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

These securityholder materials are being sent to both Registered Shareholders and Beneficial Shareholders who have not objected to the Intermediary through which their Common Shares are held disclosing ownership information about themselves to the Corporation ("**NOBO's**"). If you are a NOBO, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If you are a Beneficial Shareholder who has objected to the Intermediary through which your Common Shares are held disclosing ownership information about you to the Corporation (an "**OBO**"), the Corporation does intend to pay for an Intermediary to deliver the proxy-related materials with respect to the Meeting and related forms to OBOs.

HOLDERS OF EUROCLEAR SWEDEN REGISTERED SHARES

The information in this section is of significance to Shareholders who hold their securities ("Euroclear Registered Securities") through Euroclear Sweden AB, which securities trade on the NASDAQ OMX Stockholm. Shareholders who hold Euroclear Registered Securities are not registered holders of voting securities for the purposes of voting at the Meeting. Instead, Euroclear Registered Securities are registered under CDS & Co., the registration name of the Canadian Depository for Securities. Holders of Euroclear Registered Securities will receive a voting instruction form (the "**VIF**") by mail directly from Computershare AB ("**Computershare Sweden**"). **The VIF cannot be used to vote securities directly at the Meeting. Instead, the VIF must be completed and returned to Computershare Sweden, strictly in accordance with the instructions and deadlines that will be described in the instructions provided with the VIF.**

NOTICE AND ACCESS

The Corporation is not sending the Meeting materials to Shareholders using “notice and access”, as defined in National Instrument 54-101 – Communications with Beneficial Owners of Securities of a Reporting Issuer.

REVOCACTION OF PROXIES

A Registered Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder’s attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Corporation at Suite 2200, 885 West Georgia Street, Vancouver, British Columbia, Canada, V6C 3E8, at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it or to the chair of the Meeting on the day of the Meeting or any adjournment of it. **Only Registered Shareholders have the right to revoke a proxy. Beneficial Shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective intermediaries to revoke the proxy on their behalf.** A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF PROXIES

The Common Shares represented by a properly executed proxy in favour of Management Proxyholders will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the Management Proxyholder on any ballot that may be called for; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.

The enclosed form of proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. If any amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the Management Proxyholders to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, Management knows of no such amendment, variation or other matter that may be presented to the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as set out herein, no person who has been a director or executive officer of the Corporation at any time since the beginning of the last financial year, nor any proposed nominee of management of the Corporation for election as a director of the Corporation and, to the knowledge of the Corporation, no associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Corporation is authorized to issue an unlimited number of Common Shares of which 205,063,733 Common Shares are issued and outstanding as at May 6, 2016.

Shareholders registered as at May 6, 2016 (the “**Record Date**”) are entitled to attend and vote at the Meeting. Shareholders who wish to be represented by proxy at the Meeting must deliver their form of proxy at the place and within the time set forth in the notes to the form of proxy to entitle the person appointed by the form of proxy to attend and vote.

On a show of hands, every individual who is present and is entitled to vote as a Shareholder or as a representative of one or

more corporate Shareholders will have one vote, and on a poll every Shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate Shareholders, will have one vote, for each Common Share registered in that Shareholder's name on the list of shareholders as at the Record Date, which is available for inspection during normal business hours at Computershare, and will be available at the Meeting. **Shareholders represented by proxy holders are not entitled to vote on a show of hands.**

The following table sets forth the only persons who as of the date hereof, to the knowledge of the directors and executive officers of the Corporation, beneficially own or control or direct, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all outstanding Common Shares:

Name	Number of Shares	Percentage
Lorito Holdings S.à.r.l. (" Lorito ") ⁽¹⁾	18,000,000	8.78%
Zebra Holdings and Investments S.à.r.l. (" Zebra ") ⁽¹⁾	21,762,539	10.61%

Note:

⁽¹⁾ Lorito and Zebra, who report their security holdings as joint actors, are private corporations owned by a trust whose settlor was the late Adolf H. Lundin. Together, Lorito and Zebra hold a total of 39,762,539 Common Shares, which represents approximately 19.39% of the current outstanding Common Shares.

PARTICULARS OF MATTERS TO BE ACTED UPON

ELECTION OF DIRECTORS

The board of directors (the "**Board**") presently consists of five (5) directors and it is intended to elect five (5) directors for the ensuing year.

According to its Articles of Continuance, the Corporation may have a minimum of 1 and a maximum of 10 directors. The term of office of each of the present directors expires at the Meeting. The persons named below will be presented for election at the Meeting as Management's nominees and the persons proposed by Management as proxyholders in the accompanying form of proxy intend to vote for the election of these nominees. Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will hold office until the next annual meeting of Shareholders of the Corporation or until his successor is duly elected or appointed, unless his office is earlier vacated in accordance with the by-laws of the Corporation or the provisions of the *Canada Business Corporations Act* (the "**CBCA**").

On April 30, 2013, the Board approved an amendment to its by-laws to provide for an advance notice requirement for nominations of directors by shareholders, which amendment was ratified by shareholders at the annual and special meeting held on June 19, 2013. The Corporation did not receive notice of any director nominations in connection with the Meeting within the time periods prescribed by the amended by-law. Accordingly, at the Meeting, the only persons eligible to be nominated for election to the Board are the Nominees.

The Corporation adopted a majority voting policy on March 11, 2013, as amended May 5, 2014 with respect to the election of directors. Pursuant to the majority voting policy, each director must, subject to the provisions below, be elected by the vote of a majority of the shares, represented in person or by proxy, at any meeting for the election of directors other than at contested meetings. Forms of proxy for the election of directors will permit a Shareholder to vote in favour of, or to withhold from voting, separately for each director nominee. The Chair of the Board will ensure that the number of Common Shares voted in favour or withheld from voting for each director nominee is recorded and promptly made public after the meeting. If any nominee for director receives, from the Common Shares voted at the meeting in person or by proxy, a greater number of Common Shares withheld than Common Shares voted in favour of his or her election, the director must immediately tender his or her resignation to the Board following the meeting to take effect upon acceptance by the Board. The Board shall accept the resignation absent exceptional circumstances, and such resignation will be effective when accepted by the Board. To assist the Board in making a determination with regard to exceptional circumstances, the Board

will refer the resignation to the Corporate Governance and Nominating Committee who will expeditiously consider whether to recommend that the Board accept such director's resignation. In making this recommendation, the Corporate Governance and Nominating Committee may consider such extenuating circumstances as it deems appropriate including, without limitation, circumstances relating to the composition of the Board or the voting results. The Board shall determine whether or not to accept the resignation within 90 days after the date of the relevant security holders' meeting and promptly announce that decision (and the reasons for rejecting the resignation, if applicable) by way of a news release, a copy of which shall be provided to the Toronto Stock Exchange ("TSX"). Any director who tenders a resignation pursuant to the policy will not participate in any meeting of the Board or any sub-committee of the Board at which the resignation is considered. The majority voting policy applies only to uncontested elections, where the number of nominees as director is equal to the number of directors to be elected. If the director fails to tender his or her resignation as contemplated in the majority voting policy, the Board will not re-nominate the director. Subject to any corporate law restrictions, and in accordance with the Corporation's articles and by-laws, where the Board accepts the offer of resignation of a director and that director resigns, the Board may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of shareholders, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders, or call a special meeting of shareholders to elect a new nominee to fill the vacant position.

The following table and notes thereto sets out the name of each person proposed to be nominated by Management for election as a director (a "**proposed director**"), the province and country in which he is ordinarily resident, all offices of the Corporation now held by him, his principal occupation, the period of time for which he has been a director of the Corporation, and the number of Common Shares beneficially owned, or controlled or directed, directly or indirectly, by him and his associates or affiliates, as at the date hereof.

- (4) Members of the Audit Committee. William Rand is Chair of the Audit Committee.
- (5) Members of the Corporate Governance and Nominating Committee. David F. Mullen is Chair of the Corporate Governance and Nominating Committee.
- (6) This amount includes 102,463 Common Shares owned by Mr. Conibear's spouse and dependent child of which 10,878 Common Shares are held in a Registered Education Savings Plan.

Other than as disclosed below, none of the proposed directors (or any of their personal holding companies) of the Corporation:

- (a) is, as at the date of this Information Circular, or has been, within ten years before the date of this Information Circular, a director, chief executive officer or chief financial officer of any company, including the Corporation, that:
 - (i) was the subject of a cease trade order or similar order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (an "order") that was issued while that person was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (ii) was subject to an order that was issued after the person ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;
- (b) is, as at the date of this Information Circular, or has been within the 10 years before the date of this Information Circular, a director or executive officer of any company, including the Corporation, that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has, within the 10 years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangements or compromise with creditors, or had a receiver, receiver manager as trustee appointed to hold the assets of that individual.

Mr. William A. Rand is currently and was a director of New West Energy Services Inc. (formerly, Lexacal Investment Corp.) when, on September 5, 2006, a cease trade order was issued against that company by the British Columbia Securities Commission for failure to file its financial statements within the prescribed time. The default was rectified and the order was revoked on November 9, 2006.

Messrs. Lukas Lundin and Paul Conibear were directors of Sirocco Mining Inc. ("Sirocco"). Messrs. Lundin and Conibear resigned as directors of Sirocco on January 31, 2014 and February 1, 2014, respectively, at which time Sirocco was a public-traded company and financially solvent. Pursuant to a Plan of Arrangement completed on January 31, 2014, Canada Lithium Corp. ("Canada Lithium") acquired Sirocco. The final step in the transaction was the amalgamation of Canada Lithium and Sirocco to form RB Energy Inc. ("RBI"). On October 13, 2014, RBI announced that, among other things, RBI's then Board of Directors had approved the filing of an Initial Order (the "Order") for creditor protection under the Companies' Creditors Arrangement Act (the "CCAA"). The Quebec Superior Court issued the requested Order in respect of RBI and its Canadian subsidiaries on October 14, 2014. RBI was then put under the protection of the Court and KPMG LLP was appointed monitor under the Order. The TSX delisted RBI's common shares effective at the close of business on November 24, 2014 for failure to meet its continued listing requirements. Since that time, RBI's common shares have been suspended from trading. On May 8, 2015, the Court appointed Duff & Phelps Canada Restructuring Inc. as receiver of RBI and its subsidiaries to administer and realize upon the assets of RBI. Although neither Mr. Lundin nor Mr. Conibear was ever a director or officer or control person of RBI, each was a director of Sirocco within the 12 month period prior to RBI filing for protection under the CCAA.

None of the proposed directors (or any of their personal holding companies) has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

APPOINTMENT OF AUDITOR

The Common Shares represented by the proxies solicited in respect of the Meeting on any ballot that may be called for, unless authority to do so is withheld, will be voted for the appointment of the firm of PricewaterhouseCoopers LLP, Chartered Accountants, as auditor of the Corporation, and to authorize the directors to fix the remuneration to be paid to the auditor. PricewaterhouseCoopers LLP have served as auditor of the Corporation for more than ten years.

AUDIT COMMITTEE

Under National Instrument 52-110 – Audit Committees ("**NI 52-110**"), companies are required to provide disclosure with respect to their audit committee, including the text of the audit committee's charter, the composition of the audit committee and the fees paid to the external auditor. This information is provided in the Corporation's annual information form dated March 31, 2016 (the "**AIF**") with respect to the fiscal year ended December 31, 2015. The AIF is available for review by the public on the SEDAR website located at www.sedar.com "Company Profiles – NGEx Resources Inc." and may also be obtained free of charge by sending a written request to the Corporation at the Corporation's head office located at Suite 2000, 885 West Georgia Street, Vancouver, British Columbia, V6C 3E8.

STATEMENT OF EXECUTIVE COMPENSATION

For the purposes of this Information Circular, a Named Executive Officer (a “**NEO**”) means each of the following individuals: (a) the Chief Executive Officer of the Corporation (“**CEO**”), (b) the Chief Financial Officer of the Corporation (“**CFO**”), (c) each of the three most highly compensated executive officers of the Corporation including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 as determined in accordance with subsection 1.3(6) of Form 51-102F6, for the December 31, 2015 financial year; and (d) each individual who would be a NEO under (c) above but for the fact that the individual was neither an executive officer of the Corporation or its subsidiary, nor acting in a similar capacity, as of December 31, 2015.

During the year ended December 31, 2015, the Corporation had five NEO’s, namely Wojtek A. Wodzicki, the President and CEO of the Corporation, Chester See, the CFO of the Corporation, Robert Carmichael, Vice President, Exploration, James Beck, Director Corporate Development and Alfredo Vitaller, consultant and President and Director of Desarrollo de Prospectos Mineros S.A., Deprominsa Uruguay S.A., Filo del Sol Uruguay S.A. and Urupampa S.A. (collectively “**South America Operations**”).

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Philosophy

The administration of the Corporation’s compensation mechanism is handled by the compensation committee (the “**Compensation Committee**”) of the Board. On an annual basis, the Compensation Committee reviews the compensation of its NEOs to ensure that each is being compensated in accordance with the objectives of the Corporation’s compensation programs which are to:

- provide competitive compensation that attracts and retains talented employees;
- align compensation with Shareholder interests;
- pay for performance;
- support the Corporation’s vision, mission and values; and
- be flexible to recognize the needs of the Corporation in different business environments.

Role of the Compensation Committee

As at December 31, 2015 the Compensation Committee was comprised of William A. Rand (Chair), David F. Mullen and Paul K. Conibear, all of whom are considered to be independent directors. All of these individuals have direct experience that is relevant to their responsibilities in determining executive compensation for the Corporation as they have been previously, and are currently, involved with compensation matters at other companies, both public and private, with which they are directors.

The Compensation Committee has the depth of knowledge and the diversity of skills necessary to make informed and independent decisions on compensation matters. In particular, the following skills and experience enable the Compensation Committee to think critically and to make decisions on the suitability of the Corporation’s compensation policies and practices:

Mr. Conibear: Mr. Conibear is currently the President and Chief Executive Officer of Lundin Mining Corporation and Chair of the Compensation Committee of Lucara Diamond Corp. Mr. Conibear is a professional engineer with more than 30 years of experience in the mining industry and has served as an executive officer and director of several public resource-based companies, including Tenke Mining Corp., Atacama Minerals Corp., and Champion Resources Inc. (formerly Red Back Mining Inc.). Mr. Conibear holds a Bachelor of Applied Science in Civil Engineering from University of Waterloo Ontario Canada.

Mr. Mullen: Mr. Mullen is currently the Managing Director of Graycliff Partners, an independent investment firm and the Managing Director of Highland West Capital Ltd., a merchant bank. Prior to that, he was the Managing Partner and Chair of Fulcrum Capital Partners Inc. (Canada). Mr. Mullen was formerly the Chief Executive Officer and Head of Private Equity of North America for HSBC Bank (HSBC Capital Canada and HSBC Capital USA) and has served as a director of several public resource based companies. Mr. Mullen holds an MBA from the Richard Ivey School of Business at the University of Western Ontario and a Bachelor of Commerce degree from the University of British Columbia.

Mr. Rand: Mr. Rand has served on the Board of numerous natural resource companies and his current other Board Memberships include: Director, Member of Audit Committee and Member of Compensation Committee, Denison Mines Corp.; Lead Director, Member of Audit Committee and Member of Human Resources and Compensation Committee, Lundin Mining Corporation; and Chairman & Director, New West Energy Services Inc.; Mr. Rand is a retired corporate and securities lawyer and mining executive and holds a LL.M. from the London School of Economics, a LL.B. from Dalhousie University, a J.D.S. (Hon.) from Dalhousie University and a B. Comm. from McGill University (Honours in Economics and Major in Accounting). Mr. Rand is a Senior Business Advisor with Cassels Brock & Blackwell LLP and has been a member of a number of boards of public companies for over 30 years.

The Compensation Committee is responsible for implementing and overseeing the Corporation's compensation policies and programs as approved by the Board. The Compensation Committee's responsibilities include:

- recommending compensation policies and guidelines to the Board;
- ensuring that the Corporation has in place programs to attract and develop executive officers of the highest caliber and a process to provide for the orderly succession of executive officers; and
- reviewing and approving corporate goals and objectives relevant to the compensation of executive officers and, in light of those goals and objectives, recommending to the Board the annual salary, bonus and other benefits, direct and indirect, of executive officers.

The Compensation Committee considers and evaluates executive compensation levels on an annual basis against available information for "peer group" companies, which are principally comprised of "junior mineral exploration" companies, to ensure that the Corporation's executive compensation levels are within the range of comparable norms. In selecting peer group companies, the Compensation Committee primarily looks for public companies that are comparable in terms of business and size. For the 2015 review, using public filings, the Compensation Committee considered the executive compensation levels, including benefits, of Pilot Gold Inc., Exeter Resource Corporation, Denison Mines Corp., Balmoral Resources Ltd., Kaminak Gold Corporation, Reservoir Minerals Inc. (the "**Comparator Group**"). Specific targets for each element of compensation as against the Comparator Group are further discussed under each applicable heading.

The Compensation Committee also considered the Corporation's performance during 2015 and management's impact on the Corporation's performance in determining total compensation. Key milestones achieved during 2015 include:

- Completion of a positive preliminary economic assessment for Project Constellation;
- Completion of a updated mineral resource estimate for the Corporation's Filo del Sol project;
- A successful exploration program on the Filo del Sol project that resulted in a significant increase in the mineral resource estimate for the Corporation's Filo del Sol project;
- Sale of the Company's non-core assets, including the Assean Lake claims and the GJ copper-gold project.

Role of Management in Determining Compensation

The accountability for decisions on executive remuneration is clearly within the mandate of the Compensation Committee, but management has a key role in helping support the Compensation Committee in fulfilling its obligations. For example, the CEO makes recommendations to the Compensation Committee regarding executive officer base salary adjustments, stock option grants and discretionary bonuses, other than with respect to the CEO's own remuneration. The Compensation Committee reviews the basis for these recommendations and can exercise its discretion in modifying any of the recommendations prior to making its recommendations to the Board. The CEO does not make a recommendation to the Compensation Committee with respect to his own remuneration package, which is determined by the Compensation Committee for recommendation and approval by the Board.

Elements of NEO Compensation

NEO compensation for the year ended December 31, 2015, was comprised of three components; namely, base salary, equity compensation in the form of stock options, and discretionary performance-based bonuses (which bonuses were nil for 2015). In addition, NEOs are entitled to participate in the Corporation's benefits program. A NEO's base salary is intended to remunerate the NEO for discharging job responsibilities and reflects the executive's performance over time. Base salaries are used as a measure to compare to, and remain competitive with, compensation offered by competitors and as the base to determine other elements of compensation and benefits. The stock option component of a NEO's compensation, which includes a vesting element to ensure retention, meets the objectives of the Corporation's compensation program by both motivating the executive towards increasing share value and enabling the executive to share in the future success of the Corporation. Discretionary performance-based bonuses are considered from time to time to reward those who have achieved exceptional performance and meets the objectives of the Corporation's compensation program by rewarding pay for performance. Other benefits do not form a significant part of the remuneration package of any of our NEOs.

A number of factors are considered by the Compensation Committee and the Board when determining NEO compensation, including:

- the NEO's individual contribution to the benefit of the Corporation and the assessment of each NEO's individual performance;
- the long-term interests of the Corporation and its Shareholders including exploration success;
- the NEO's responsibilities, length of service and levels of compensation provided by industry competitors; and
- the operational performance and the Corporation's financial position.

Base Salary

Base salaries are a fixed component of compensation to ensure that the Corporation remains competitive and continues to attract and retain qualified and experienced executives. Base salaries are reviewed and, if appropriate, adjusted annually. The Corporation endeavours to pay the salaries of its NEOs at the mid-range level of the Comparator Group while providing NEOs with additional performance-based compensation such as discretionary performance-based bonuses and stock options, as further discussed below. There will, however, be occasions when the Corporation pays salaries above or below this level depending on the individual skills and experience of the executive. Effective January 1, 2014, the Corporation's CFO, Mr. Chester See's base salary was increased by approximately 23.3% from \$150,000 to \$185,000. In May 2014, an increase in the base salary for inflation by 2% was granted to the Corporation's CEO, Mr. Wojtek Wodzicki, and VP Exploration, Mr. Robert Carmichael, each effective June 1, 2014. In May 2015, an increase in the base salary (for inflation) was granted to certain NEOs. Mr. Wodzicki's base salary was increased from \$336,600 to \$354,000, by approximately 5.1%, Mr. Carmichael's base salary was increased from \$234,600 to 242,000, by approximately 3.1%, and Mr. Beck's base salary was increased from \$180,000 to \$186,000, by approximately 3.3%.

Performance-based Bonuses

The Compensation Committee provides recommendations on discretionary cash bonuses from time to time. Bonuses are a variable, or "at-risk", component of compensation designed to pay for performance and support the Corporation's vision,

mission and values. To determine the amount of discretionary cash bonuses to award to a NEO the Compensation Committee considers the performance factors described above in the section under the heading “Elements of NEO Compensation” as well as taking into consideration both individual and corporate performance measures, including financials, budgetary, projects and other initiatives. Such performance measures are based on a subjective assessment by the Compensation Committee in light of overall performance achieved during that year and are not based on objectively defined targets. Although the Compensation Committee reviews bonuses paid by the Comparator Group noted above, the Compensation Committee does not formally benchmark bonuses.

On September 18, 2014, the Board, on the recommendation of the Compensation Committee, determined that it was appropriate to pay bonuses to the NEO’s for performance in 2013. For the financial year ended December 31, 2013, Messrs. Wodzicki, See, Carmichael, Beck and Vitaller each were awarded a bonus in recognition of their efforts on behalf of the Corporation, receiving \$275,000, \$30,000, \$115,000, \$50,000 and \$115,000 respectively. Among other things, these awards were in recognition of the Corporation’s exploration success. While the 2013 performance bonus was awarded in respect of the relevant financial year, the amount was not paid to the NEOs until the subsequent year, on September 18, 2014, and as such was not reflected in the “Summary Compensation Table” for 2013 compensation in the management information circular for the year ended December 31, 2013. The compensation for 2013 has been restated to reflect these amounts paid for performance in 2013.

The Board, on the recommendation of the Compensation Committee, determined not to pay any bonuses to NEO’s in connection with the fiscal year ended December 31, 2014, due to market conditions and a desire to conserve the Corporation’s treasury for use in exploration and business development.

The Board, on the recommendation of the Compensation Committee, determined not to pay at this time any bonuses to NEO’s in connection with the fiscal year ended December 31, 2015, due to market conditions and a desire to conserve the Corporation’s treasury for use in exploration and business development.

Stock Options

The Corporation provides long-term incentives through stock option grants pursuant to its Share Option Plan. Options are a variable, or “at-risk”, component of compensation which are considered to be an effective vehicle for deepening a sense of ownership amongst executives and increasing alignment with the interests of Shareholders, as they vest over time and provide an incentive to create long-term growth.

The purpose of the Share Option Plan is to promote the interests of the Corporation by:

- providing its directors, senior officers, employees, management company employees and consultants (the “**Eligible Persons**”) with additional incentive;
- encouraging stock ownership by such Eligible Persons;
- increasing proprietary interest of Eligible Persons in the success of the Corporation;
- encouraging Eligible Persons to remain with the Corporation or its affiliates; and
- attracting new employees, directors and officers.

All NEOs are eligible to participate in the Share Option Plan. Reference is made to the heading “Equity Compensation Plan Information” for a description of the Share Option Plan.

Stock options are generally awarded to Eligible Persons at the commencement of employment and periodically thereafter. In making a determination as to whether a grant of long-term incentive stock options is appropriate, and if so, the number of options that should be granted, consideration is given to: in addition to the performance factors referred to under “Elements of NEO Compensation”, the number and terms of outstanding incentive stock options held by the NEO; past and expected future performance of the NEO; the potential dilution to Shareholders; general industry standards; and the limits imposed by the terms of the Corporation’s Share Option Plan and the TSX. The Corporation considers the granting of incentive stock options to be a particularly important element of compensation as it allows the Corporation to reward each

NEO's efforts to increase value for Shareholders without requiring the Corporation to use cash from its treasury. Stock options also allow the Corporation to be flexible to recognize the needs of the Corporation in different business environments. The terms and conditions of the Corporation's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Share Option Plan, which are described under "Incentive Plan Awards" and "Equity Compensation Plan Information". Although the Compensation Committee reviews options granted by the peer group noted above, the Compensation Committee does not formally benchmark option grants.

Taking into account the factors described above, on May 7, 2015, the Compensation Committee recommended and the Board approved on May 7, 2015 the grant of an aggregate 2,625,000 stock options of which 500,000 stock options were granted to the Corporation's CEO, Mr. Wojtek Wodzicki, 250,000 stock options were granted to the Corporation's VP Exploration, Mr. Robert Carmichael, 50,000 stock options were granted to the CFO, Mr. Chester See, 125,000 stock options were granted to the Corporation's Director Corporate Development, Mr. James Beck, and 250,000 stock options were granted to Mr. Alfredo Vitaller, consultant and President and Director, South America Operations, at an exercise price of \$0.95 per share, expiring May 11, 2018. These options vest over a two year period, one-third immediately, one-third after 12 months and one-third after 24 months from the date of grant. See "Incentive Plan Awards".

Benefits and Perquisites

Benefits do not form a significant part of the remuneration package of any of the NEOs. In most cases, employment benefits, health care and life insurance are provided in a manner which is in keeping with industry standards. During the financial year ended December 31, 2015, none of the NEOs received any perquisites which in the aggregate were greater than \$50,000 or 10% of the respective NEO's salary.

Risks Associated with Corporation's Compensation Policies and Practices

Given the current stage of development of the Corporation, neither the Board nor the Compensation Committee has proceeded to a formal evaluation of the implications of the risks associated with the Corporation's compensation policies and practices; however, risk management is a consideration of the Board generally when implementing its compensation program. The Board and the Compensation Committee do not believe that the Corporation's compensation program results in unnecessary or inappropriate risk taking and the Board and the Compensation Committee have not identified any risks arising from the compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

The Corporation's NEOs and directors are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

PERFORMANCE GRAPH

The following graph compares the total cumulative shareholder return for \$100 invested in Common Shares of the Corporation from December 31, 2010 to December 31, 2015 with the cumulative total return of the S&P/TSX Global Base Metals Index and the S&P/TSX Venture Composite for the five most recently completed financial years of the Corporation.

Comparison of Five Year Cumulative Total Shareholder Return for the Common Shares of the Corporation

The graph above reflects that from December 31, 2010 to December 31, 2012, the Corporation performed significantly better than the S&P/TSX Global Base Metals Index and the S&P/TSX Venture Composite. As shown in the foregoing graph, since mid 2012, the Corporation's performance has been lower than its previous years, but significantly better than the performance of the S&P/TSX Global Base Metals Index and the S&P/TSX Venture Composite. During this period, executive compensation has increased in line with the growth in the Corporation's level of corporate and operating activity, as well as in the size and complexity of the Corporation's operations, while, after 2012, shareholder return declined due to disruptions in the financial and junior resource markets amidst persistent risk aversion sentiment and volatility in commodity prices (particularly the price of copper), and underwhelming economic news from many of the world's advanced and developing economies. Despite the increased experience of the individual Executives, exploration successes, and outperformance of the corporation's shares against the indices, the Corporation has not offered any performance-based bonuses nor increased the base salaries paid to its NEOs, other than inflationary adjustments, since 2013 due to market conditions and a desire to conserve the Corporation's treasury for use in exploration and business development.

The Board is satisfied that the compensation offered to the Corporation's NEOs is consistent with the Corporation's continued progress in building its business and improving its asset base, and is fair and reasonable in relation to the trend in the Corporation's performance shown in the graph above.

Notes:

- (1) The Corporation used the Black-Scholes option pricing model for determining the fair value of stock options issued at grant date. The Corporation selected the Black-Scholes model given its prevalence of use within North America. The key assumptions used for this determination for 2015 are: a) average risk-free rate of 0.67%; b) expected life of 2.5; c) the price of the stock on the grant date; d) expected volatility of 49.5%; and d) no expected dividend payments. For the 2014 assumptions, please refer to the Corporation's management information circulars for the respective years. The amount presented in the table represents the fair value of the vested and unvested portion of the options granted in the period. It should be recognized that the actual future value will be based on the difference between the market value at time of exercise and the exercise price. Therefore, the value attributed to the stock options under the Black-Scholes model does not necessarily correspond to the actual future value that will be realized.

Note:

- (1) Calculated using the closing price of the Common Shares on the TSX on the dates on which stock options vested during the financial year ended December 31, 2015, and subtracting the exercise price of in-the-money stock options.
- (2) Subsequent to the financial year ended December 31, 2015, and effective February 3, 2016, Mr. See resigned as Chief Financial Officer.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination and Change of Control Benefits

Other than as set forth below, the Corporation does not have any contract, agreement, plan or arrangement that provides for payments to a Named Executive Officer at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Corporation or a change in the NEO's responsibilities.

Pursuant to the Wodzicki Employment Agreement, Mr. Wodzicki, at any time, may terminate the employment agreement by giving 90 days written notice to the Corporation, and at any time the Corporation may terminate the agreement, without cause, by giving sixty (60) days notice to Mr. Wodzicki, whereupon the Corporation will pay Mr. Wodzicki a lump sum amount equal to 18 months base salary at the rate being paid at the time of termination (this amount does not apply if Mr. Wodzicki is transferred or retained full-time by an affiliate or associate of the Corporation). Pursuant to the Wodzicki Employment Agreement, where termination notice is delivered by either Mr. Wodzicki or the Corporation, following a change of control, the Corporation will pay Mr. Wodzicki a lump sum amount equal to 18 months base salary at the rate being paid at the time of termination and all the stock options held by Mr. Wodzicki will vest immediately. Pursuant to the Wodzicki Employment Agreement, a change of control shall be deemed to occur upon (i) the sale by the Corporation of a controlling interest in all or substantially all of its assets, (ii) a successful take-over of the Corporation and (iii) a person or group other than the Lundin family and its trusts becomes the largest shareholder of the Corporation.

The Corporation may respectively terminate the Wodzicki Employment Agreement without notice upon the occurrence of any of the following events:

- (a) if there is a repeated and demonstrated failure on the part of Mr. Wodzicki to perform the material duties of the executive's position in a competent manner and where the executive fails to substantially remedy the failure within a reasonable period of time after receiving written notice of such failure from the Corporation;
- (b) if Mr. Wodzicki is convicted of a criminal offence involving fraud or dishonesty; and
- (c) if Mr. Wodzicki fails to honour his fiduciary duties to the Corporation, including the duty to act in the best interests of the Corporation,

whereupon Mr. Wodzicki would not be entitled to any severance payment other than compensation earned by Mr. Wodzicki before the date of termination.

Pursuant to the Carmichael Employment Agreement, Mr. Carmichael, at any time, may terminate the employment agreement by giving 90 days written notice to the Corporation, and at any time the Corporation may terminate the agreement, without cause, by giving written notice (the notice period being at the discretion of the Corporation) to Mr. Carmichael, whereupon the Corporation will pay Mr. Carmichael a lump sum amount equal to 12 months base salary at the rate being paid at the time of termination (this amount does not apply if Mr. Carmichael is transferred or retained full-time by an affiliate or associate of the Corporation).

Pursuant to the Carmichael Employment Agreement, during the term of the agreement, other than as the partial owner of a mineral property named the Trout Property located in central British Columbia, Mr. Carmichael shall not, without the consent of the Corporation (a) own or have a material interest in, (b) act as an officer, director, agent, employee or consultant of, or (c) assist in any way or in any capacity, any person, firm, association, partnership, corporation or other entity that is engaged in a business that is substantially similar to or competes with the business engaged by the Corporation (other than serve as a director or officer of personal or family holding companies or charitable or not for profit organizations provided that doing so does not interfere with his ability to carry out his duties and functions). Pursuant to the Carmichael Employment Agreement, during a period of 12 months from the termination date of employment, Mr. Carmichael covenants and agrees that he shall not directly or indirectly (a) persuade or attempt to persuade customers or suppliers of the Corporation or its associates or affiliates to terminate or change the terms of their relationship with the Corporation or its associates or affiliates; or (b) persuade or attempt to persuade employees of the Corporation or its associates or affiliates to terminate their employment with the Corporation or its associates or affiliates, other than through a general advertisement.

Pursuant to the Beck Employment Agreement, Mr. Beck, at any time, may terminate the employment agreement by giving 90 days written notice to the Corporation, and at any time the Corporation may terminate the agreement, without cause, by giving written notice (the notice period being at the discretion of the Corporation) to Mr. Beck, whereupon the Corporation will pay Mr. Beck a lump sum amount equal to one month of base salary if termination occurs less than 12 months from the start date and three months of base salary if termination occurs more than 12 months from the start date at the rate being paid at the time of termination (this amount does not apply if Mr. Beck is transferred or retained full-time by an affiliate or associate of the Corporation).

Pursuant to the Beck Employment Agreement, during the term of the agreement, Mr. Beck shall not, without the consent of the Corporation (a) own or have a material interest in, (b) act as an officer, director, agent, employee or consultant of, or (c) assist in any way or in any capacity, any person, firm, association, partnership, corporation or other entity that is engaged in a business that is substantially similar to or competes with the business engaged by the Corporation (other than serve as a director or officer of personal or family holding companies or charitable or not for profit organizations provided that doing so does not interfere with his ability to carry out his duties and functions). Pursuant to the Beck Employment Agreement, during a period of 12 months from the termination date of employment, Mr. Beck covenants and agrees that he shall not directly or indirectly (a) persuade or attempt to persuade customers or suppliers of the Corporation or its associates or affiliates to terminate or change the terms of their relationship with the Corporation or its associates or affiliates; or (b) persuade or attempt to persuade employees of the Corporation or its associates or affiliates to terminate their employment with the Corporation or its associates or affiliates, other than through a general advertisement.

Pursuant to the Vitaller Agreement, subject to Argentine labour laws in effect, as amended from time to time, Mr. Vitaller, at any time, may terminate the consulting agreement by giving 30 days written notice to the Corporation, and at any time the Corporation may terminate the agreement by giving 30 days written notice to Mr. Vitaller. Pursuant to the Vitaller Agreement, Mr. Vitaller will refrain from locating any mining claims, acquiring any lease or other property interest, or acting as an agent for any third party to acquire such an interest, within an area which includes all lands within five kilometres of the external boundaries of any project, property, mineral claim or interest held by the Corporation or any of its subsidiaries as of the date of the agreement or any other area on which services are performed, in all instances for a period of one year (or longer, as applicable) from the date of termination of the Vitaller Agreement and Mr. Vitaller has agreed to be bound by any confidentiality agreement entered into by the Corporation related to the services performed on any such property in

the same manner and to the same extent as if Mr. Vitaller had been an original contracting party thereto.

Pursuant to the employment agreements with each of Messrs. Carmichael, and Beck, the Corporation may respectively terminate the employment agreement, as applicable, without notice upon the occurrence of any of the following events:

- (a) if there is a repeated and demonstrated failure on the part of Mr. Carmichael or Mr. Beck to perform the material duties of the executive's position in a competent manner and where the executive fails to substantially remedy the failure within a reasonable period of time after receiving written notice of such failure from the Corporation;
- (b) if Mr. Carmichael or Mr. Beck, respectively, is convicted of a criminal offence;
- (c) if Mr. Carmichael or Mr. Beck, respectively, is sanctioned or otherwise penalized by the Toronto Stock Exchange and/or any regulatory authorities having jurisdiction for an offence involving fraud or dishonesty;
- (d) if Mr. Carmichael or Mr. Beck, respectively, fails to honor his fiduciary duties to the Corporation, including the duty to act in the best interests of the Corporation and its associates and affiliates or is in breach of any provision of the agreement; and
- (e) if Mr. Carmichael or Mr. Beck, respectively, disobeys reasonable and lawful instructions given in the course of employment by the Corporation's management that are not remedied by such employee within a reasonable period of time after receiving written notice of such disobedience,

whereupon Mr. Carmichael or Mr. Beck, respectively, would not be entitled to any severance payment other than compensation earned by Mr. Carmichael or Mr. Beck, respectively, before the date of termination.

Pursuant to the employment agreements with each of Messrs. Wodzicki, Carmichael, and Beck and the Corporation, the Corporation may respectively terminate each employment agreement, as applicable, for disability, whereupon the Corporation will pay Mr. Wodzicki, Mr. Carmichael, or Mr. Beck as applicable, for 12 months commencing from the date of termination, an amount equal to the salary at the rate being paid at the time of termination (less any severance payments or disability benefits) and all the stock options held by Mr. Wodzicki, as applicable, will vest immediately and be exercisable until the earlier of the expiry date or 12 months from the date of termination.

If a severance payment triggering event had occurred on December 31, 2015, the severance payments that would be payable to Messrs. Wodzicki, Carmichael, Beck and Vitaller would have been approximately as follows:

Name	Termination by the Corporation for any reason other than cause and unrelated to "Change of Control" of the Corporation (estimated) (\$)	Termination by the Corporation without cause after a "Change of Control" of the Corporation (estimated) (\$)
Wojtek Wodzicki	531,000 ⁽¹⁾	531,000

Alfredo Vitaller	N/A ⁽⁴⁾	N/A ⁽⁴⁾
Total	959,000	531,000

Notes:

- (1) Approximately \$354,000 in the case of disability less any severance payments or disability benefits.
- (2) Approximately \$242,000 in the case of disability less any severance payments or disability benefits.
- (3) Approximately \$186,000 in the case of disability less any severance payments or disability benefits.

DIRECTOR COMPENSATION

The objectives of the compensation program for directors are to attract, retain and inspire performance of members of the Board of a quality and nature that will enhance the Corporation's growth. The compensation is intended to provide an appropriate level of remuneration considering the experience, responsibilities, time requirements and accountability of directors. The philosophy, and market comparisons and review with respect to director compensation, is the same as for executive compensation (which is discussed under the heading "Compensation Discussion and Analysis"). The Compensation Committee reviews director compensation annually.

Director Compensation Table

Effective May 2012, the Compensation Committee recommended, and the Board approved, the payment of a fee per annum to the non-executive directors of the Corporation and for serving as a committee chair. Each non-executive director is granted an amount of up to \$15,000 per year, an additional amount of up to \$5,000 per year for the Chairman of the Audit Committee, and an additional amount of up to \$1,000 per year for the Chairman of each of the Compensation Committee and the Corporate Governance and Nominating Committee.

The following table sets forth all amounts of compensation provided to directors, other than NEOs, during the Corporation's most recently completed financial year:

Name	Fees Earned (\$)	Share-based awards (\$)	Option-based Awards⁽¹⁾ (\$)	Pension value (\$)	All Other Compensation (\$)	Total (\$)
Lukas H. Lundin	15,000 ⁽²⁾	Nil	59,038	Nil	Nil	74,038
William A. Rand	21,000 ⁽³⁾	Nil	59,038	Nil	Nil	80,038
Paul K. Conibear	15,000 ⁽²⁾	Nil	59,038	Nil	Nil	74,038
David F. Mullen	16,000 ⁽⁴⁾	Nil	59,038	Nil	Nil	75,038

Notes:

- (1) The Corporation used the Black-Scholes option pricing model for determining the fair value of stock options issued at grant date. See "Summary Compensation Table" for the assumptions underlying the Black-Scholes option pricing model. These amounts do not represent actual amounts received by the directors as any gain, if any, will depend on the market value of the Common Shares on the date that the option is exercised.
- (2) Fees earned include \$15,000 in annual fees.
- (3) Fees earned include \$15,000 in annual fees and \$6,000 in fees for serving as the Chair of the Audit Committee and the Chair of the Compensation Committee.
- (4) Fees earned include \$15,000 in annual fees and \$1,000 in fees for serving as the Chair of the Corporate Governance and Nominating Committee.

Outstanding Option-Based Awards

The following table sets forth for each director all awards outstanding at the end of the most recently completed financial year, including awards granted before the most recently completed financial year. As at December 31, 2015, a portion of these option-based awards have vested. The Corporation does not grant any share-based awards.

Notes:

- (1) Calculated using the closing price of the common shares on the TSX on December 31, 2015 of \$0.65 and subtracting the exercise price of in-the-money stock options. These stock options have not been, and may never be, exercised and actual gains, if any, on exercise will depend on the value of the Common Shares on the date of exercise.
- (2) These options vest as to 1/3 on the date grant, 1/3 vesting May 11, 2016 and 1/3 vesting May 11, 2017.

The Corporation's Share Option Plan was adopted by the Board on August 12, 2008 and approved by the Corporation's Shareholders on September 15, 2008. On May 11, 2011, the Board approved certain amendments of a "housekeeping" nature to the Share Option Plan which amendments were approved by the TSX on June 29, 2011. On June 13, 2011, the Shareholders approved the Share Option Plan, as amended. On April 11, 2014 and May 5, 2014, the Board approved certain amendments to the Share Option Plan which amendments were approved by the TSX on June 27, 2014. On June 12, 2014, the Shareholders approved the Share Option Plan, as amended. The following summary provides details regarding the Share Option Plan for the year ended December 31, 2015. The Share Option Plan is in the form of a rolling stock option plan reserving an aggregate of 10% of the issued and outstanding shares of the Corporation for issuance upon the exercise of options granted thereunder and provides, among other things, that: (i) the aggregate number of Common Shares reserved for issuance to insiders pursuant to the Share Option Plan and all other security-based compensation arrangements shall not exceed 10% of the total number of Common Shares then outstanding; (ii) the aggregate number of Common Shares issued to insiders pursuant to the exercise of options, within a one-year period, pursuant to the Share Option Plan and all other security-based compensation arrangements shall not exceed 10% of the total number of Common Shares then outstanding; (iii) the aggregate number of Common Shares issued to any one insider and such insider's associates pursuant to the exercise of options, within a one-year period, shall not exceed 5% of the total number of Common Shares then outstanding; (iv) the aggregate number of Common Shares reserved for issuance to any one person pursuant to the grant of options shall not exceed 5% of the total number of Common Shares then outstanding; and (v) option grants in any one fiscal year to all non-management directors shall not exceed 1% of the outstanding shares at that time.

The Share Option Plan authorizes the Board, or a committee appointed for such purposes, to grant options to purchase shares to Eligible Persons, to determine the terms, including the limitations, restrictions and conditions, if any, upon such grants, to interpret the Share Option Plan and to adopt, amend and rescind such administrative guidelines and other rules relating to the Share Option Plan as it may from time to time deem advisable, subject to required prior approval by any applicable regulatory authority, and without further Shareholder approval. The Board will establish the exercise price of an option at the time each option is granted provided that such price shall not be less than the closing price of the Common Shares on the TSX (or, if such Common Shares are not then listed and posted for trading on the TSX, on such other stock exchange on which the Common Shares are listed and posted for trading as may be selected by the Board) on the last business day immediately preceding the date of grant of such option. If there is no trading on that date, the exercise price shall not be less than the weighted average of the bid and ask prices on the five consecutive trading days preceding the date of the grant.

The term of options granted under the Share Option Plan shall not exceed 10 years from the date of grant. Vesting under

the Share Option Plan is at the discretion of the Board. In the event that any option expires during, or within 48 hours after, a self imposed blackout period on trading securities of the Corporation, such expiry date will become the tenth day following the end of the blackout period. All options granted under the Share Option Plan are not transferable other than by will or the laws of dissent and distribution.

If an optionee ceases to be an Eligible Person for any reason whatsoever other than for cause or death, each option held by such optionee will cease to be exercisable 30 days following the termination date (being the date on which such optionee ceases to be an Eligible Person), or such longer period as determined by the Board. If an Eligible Person is dismissed with cause, each option held by such optionee shall cease to be exercisable immediately upon the optionee being given notice of termination. If an optionee dies, the legal representatives of the optionee may exercise the options held by the optionee within a period after the date of the optionee's death as determined by the Board, for greater certainty such determination may be made at any time subsequent to the date of grant of the options, provided that no option shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such option; and (ii) 12 months following the date of death of the participant, but only to the extent the options were by their terms exercisable on the date of death.

Subject to the requisite Shareholder and regulatory approvals set forth under subparagraphs (a) and (b) below, the Board may from time to time amend or revise the terms of the Share Option Plan or may discontinue the Share Option Plan at any time provided however that no such right may, without the consent of the optionee, in any manner adversely affect his rights under any option theretofore granted under the Share Option Plan.

- (a) The Board may, subject to receipt of requisite Shareholder and regulatory approval, make the following amendments to the Share Option Plan or any options granted thereunder:
 - (i) any amendment to increase the number of securities issuable under the Share Option Plan, including, if applicable, an increase to a fixed maximum number of securities or a change from a fixed maximum number of securities to a fixed maximum percentage. A change to a fixed maximum percentage which was previously approved by Shareholders will not require additional Shareholder approval;
 - (ii) any amendment to the insider participation limits in Section 1.4 of the Share Option Plan which result in the security holder approval to be required on a disinterested basis;
 - (iii) any amendment to increase the director participation limits in Section 1.4(d) of the Share Option Plan;
 - (iv) any change to the definition of Eligible Person which would have the potential of broadening or increasing insider participation;
 - (v) the addition of any form of financial assistance;
 - (vi) any amendment to a financial assistance provision which is more favourable to participants;
 - (vii) any addition of a cashless exercise feature, payable in cash or securities which does not provide for a full deduction of the number of underlying securities from the Share Option Plan reserve;
 - (viii) the addition of a deferred or restricted share unit or any other provision which results in participants receiving securities while no cash consideration is received by the Corporation;
 - (ix) any amendment to Section 3.5 of the Share Option Plan relating to the amending provisions of the Share Option Plan;
 - (x) any amendment to Section 3.2 of the Share Option Plan that would permit Options to be assigned or transferred, other than for normal estate settlement purposes;
 - (xi) any amendment to the exercise price of any option issued under the Share Option Plan where such

amendment reduces the exercise price of such option (for this purpose, a cancellation or termination of an option of a participant prior to its expiry for the purpose of re-issuing options to the same participant with a lower exercise price shall be treated as an amendment to reduce the exercise price of an option);

- (xii) any amendment of the Share Option Plan that would permit an extension beyond the original expiry date of outstanding options;
 - (xiii) any amendment to the amendment provisions in Section 3.5 of the Share Option Plan;
 - (xiv) a discontinuance of the Share Option Plan; and
 - (xv) any other amendments that may lead to significant or unreasonable dilution in the Corporation's outstanding securities or may provide additional benefits to eligible participants, especially insiders of the Corporation, at the expense of the Corporation and its existing Shareholders.
- (b) The Board may, subject to receipt of requisite regulatory approval, where required, in its sole discretion and without further Shareholder approval, make all other amendments to the Share Option Plan or any option granted and the option agreement that are not of the type contemplated in subparagraph (a) above including:
- (i) a change to the vesting provisions of an option or the Share Option Plan;
 - (ii) any amendments to Section 2.2 of the Share Option Plan relating to the exercise of options;
 - (iii) a change to the termination provisions of an option or the Share Option Plan which does not entail an extension beyond the original expiry date;
 - (iii) to the definitions set out in Article 1 (other than the definition of "Eligible Person" noted above) of the Share Option Plan;
 - (iv) make amendments of an administrative nature, including but not limited to Section 1.2 of the Share Option Plan relating to the administration of the Share Option Plan;
 - (v) add or modify a cashless exercise feature providing for payment in cash or securities upon the exercise of options;
 - (vi) make any amendments required to comply with applicable laws or the requirements of the TSX or any regulatory body or stock exchange with jurisdiction over the Corporation;
 - (vii) to the change of control provisions provided for in Section 2.8 of the Share Option Plan. For greater certainty, any change made to Section 2.8 shall not allow participants to be treated any more favourably than other holders of Common Shares with respect to the consideration that the participants would be entitled to receive for their Common Shares upon a change of control; and
 - (viii) any change fundamental or otherwise, not requiring shareholder approval under applicable laws or the rules of the TSX, including amendments of a "clerical" or "housekeeping" nature and amendments to ensure that the options granted under the Share Option Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which an Eligible Person may from time to time be resident or a citizen.
- (c) Notwithstanding the provisions of subparagraph (b) above, the Corporation shall additionally obtain requisite shareholder approval in respect of amendment to the Share Option Plan that is contemplated pursuant to subparagraph (b) to the extent such approval is required by any applicable laws or regulations.

There are no stock appreciation rights (SAR) associated with options granted under the Share Option Plan and there is no provision under the Share Option Plan to transform stock options into stock appreciation rights. The Share Option Plan must be approved and ratified by the shareholders of the Corporation every three years.

The Corporation does not provide any financial assistance to participants in order to facilitate the purchase of Common Shares under the Share Option Plan.

As at the date of this Information Circular, there are options to purchase 6,987,500 shares of the Corporation outstanding (3.41% of the issued and outstanding shares) and 13,518,873 shares are available for future option awards (6.59% of the issued and outstanding shares.)

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICE

National Instrument 58-101, Disclosure of Corporate Governance Practices (“NI 58-101”) requires reporting issuers to disclose the corporate governance practices, on an annual basis, that they have adopted. Attached as Appendix “1” to this Information Circular is the disclosure required by NI 58-101 which has been prepared by the Corporate Governance and Nominating Committee and approved by the Board.

The Board recognizes the importance of corporate governance to the effective management of the Corporation and to the protection of its employees and Shareholders. The Corporation’s approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Corporation are effectively managed so as to enhance Shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Corporation’s affairs and in light of opportunities or risks which may arise.

The Corporation’s corporate governance practices have been, and continue to be, in compliance with applicable Canadian requirements. The Corporation continues to monitor developments in Canada with a view to further revising its governance policies and practices, as appropriate.

Differences regarding Swedish Corporate Governance Code

The Nasdaq Stockholm exchange in Sweden has a set of rules of corporate governance as set forth in the Swedish Corporate Governance Code (the “Swedish Code”). NGEx has a secondary listing on the Nasdaq Stockholm exchange, however, as its primary exchange is the TSX exchange, it follows the Corporate Governance rules applicable to a TSX listed Company under Canadian securities laws (“Canadian Corporate Governance Rules”). There are differences between shareholder rights in Sweden, including the Swedish Code requirements, and Canadian Corporate Governance Rules. A description of the key differences is posted on NGEx’s website.

MANAGEMENT CONTRACTS

The management functions of the Corporation are performed by the directors and officers of the Corporation and not, to any substantial degree, by any other person with whom the Corporation has contracted, except as set forth below.

(a) Disclose the identity of directors who are independent.	The Corporation’s Board of Directors (the “ Board ”) is currently comprised of five directors; namely, Messrs. Lukas H. Lundin, William A. Rand, Paul K. Conibear, David F. Mullen and Wojtek A. Wodzicki. With the assistance of the Corporate Governance and Nominating Committee, the Board has considered the relationship to the Corporation of each of the directors and has determined that four of the five directors; namely, Messrs. Lundin, Rand, Conibear and Mullen, are independent for the purposes of Board membership.
(b) Disclose the identity of directors who are not independent and describe the basis for that determination.	The non-independent director of the Board is Wojtek A. Wodzicki. Mr. Wodzicki is not considered to be independent as he is President and Chief Executive Officer of the Corporation.

The Board and its committees meet independent of management where needed, but do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. In addition to the standing committees of the Board, independent committees are appointed from time to time, when appropriate. At each meeting of the Board a determination is made as to whether an in-camera session, without management and non-independent directors present, is required.

<p>(f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.</p>	<p>The Board has appointed Mr. William A. Rand, an independent director, as lead director. The lead director presides over meetings of the directors. The role of the lead director is to act as effective leader of the Board, to ensure that the Board's agenda will enable it to successfully carry out its duties, and to provide leadership for the Board's independent directors. The Board has established a formal position description for the lead director which includes acting as liaison between the Board and management to ensure that relationships between the Board and management are conducted in a professional and constructive manner. This involves working with the CEO to ensure that the conduct of Board meetings provides adequate time for serious discussion of relevant issues and that the Corporation is building a healthy governance culture.</p>
<p>(g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.</p>	<p>See Schedule B to this Appendix 1 for details.</p>

Directors have full access to officers and employees of the Corporation and may arrange meetings either directly or through the President and CEO. Management provides briefings to directors with respect to the business and operations of the Corporation at every scheduled Board meeting.</p>

<p>(b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.</p>	<p>All directors are expected to pursue educational opportunities as appropriate to enable them to perform their duties as directors. The Corporation will make available appropriate funding to directors to attend seminars or conferences relevant to their position as directors of the Corporation. Included in the Corporate Governance and Nomination Committee mandate is the requirement to develop, with the assistance of management, an orientation and education program for new recruits to the Board, where necessary. The Corporation's outside legal counsel also provides directors and senior officers with summary updates of any developments relating to the duties and responsibilities of directors and officers and corporate governance matters.</p>
<p>5. Ethical Business Conduct</p>	
<p>(a) Disclose whether or not the board has adopted a written code for the directors, officers and employees. <p>(i) disclose how a person or company may obtain a copy of the code;</p>	<p>The Code is available on the Corporation's website and has been filed on and is accessible through SEDAR at www.sedar.com.</p>
<p>(ii) describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code; and</p>	<p>Directors, officers or employees who have concerns or questions about violations of laws, rules or regulations, or of the Code, are required to report them to the Corporate Secretary or to the chair of the Corporation's Audit Committee. Following receipt of any complaints, the Corporate Secretary or chair of the Audit Committee, as the case may be, will investigate each matter so reported and report to the Audit Committee. The Board is ultimately responsible, acting through the Audit Committee, for the Code and monitoring compliance with the Code. The Corporation encourages all directors, officers and employees to report promptly any suspected violation of the Code to the Corporate Secretary or chair of the Audit Committee.</p>
<p>(iii) provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.</p>	<p>The Board has not granted any waiver of the Code in favour of a director or NEO during 2015 and, accordingly, no material change report has been required.</p>
<p>(b) Describe any steps the board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.</p>	<p>The Code addresses such matters as conflicts of interest. In accordance with the Code, any situation that presents an actual or potential conflict between a director's personal interests and the interests of the Corporation must be reported to the chair of the Corporation's Audit Committee. In addition to the requirements of the Code, directors are required to comply with the relevant provisions of the CBCA regarding conflicts of interests. Directors with an interest in a material transaction are required to declare their interest and abstain from voting on such transactions. A thorough discussion of the documentation related to a material transaction is required for review by the Board, particularly independent directors.</p>

<p>(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.</p>	<p>The Audit Committee has also established a Policy and Procedures for the Receipt, Retention and Treatment of Complaints Regarding Accounting or Auditing Matters (the “Internal Alert Policy”) to encourage employees, officers and directors to raise concerns regarding accounting, internal controls or auditing matters, on a confidential basis free from discrimination, retaliation or harassment. In addition to the general complaint procedure set out in 5(a)(ii) above, under the Internal Alert Policy, anonymous complaint regarding a questionable accounting or auditing matter may be forwarded directly to the chair of the Audit Committee.</p> <p>On December 20, 2013, as amended March 24, 2014 and February 19, 2016, the Board also adopted an Investment Policy to establish guidelines for the management of cash balances for the operations of the Corporation and its subsidiaries based on the risk levels approved by the Board.</p>
<p>6. Nomination of Directors</p>	
<p>(a) Describe the process by which the board identifies new candidates for board nomination.</p>	<p>The Board has established a Corporate Governance and Nominating Committee, which has the primary responsibility for identifying prospective Board members. The Corporate Governance and Nominating Committee coordinates the search for qualified candidates with input from management and other Board members, giving careful consideration to the competencies and skills that the Board as a whole should possess, and the skills and experience of existing Board members. Other factors are considered which may include the ability of the individual candidate to contribute on an overall basis, the ability of the individual to contribute sufficient time and resources to the Board, as well as the individual’s direct experience with public companies in general and mining companies, in particular. The Corporate Governance and Nominating Committee will recommend a nominee and seek full Board endorsement of the selected candidate.</p>

(See “Other Board Committees” for a full description of the responsibilities and operation of the Corporate Governance and Nominating Committee.)</p> <p>The Board has adopted a policy regarding majority voting for the election of directors. The policy is described under “Election of Directors” on pages 4 and 5.</p>

8. Other Board Committees – If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.		<p>In addition to the Audit Committee and the Compensation Committee, the Board has established the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is comprised of three directors, all of whom are independent.</p> <p>The Corporate Governance and Nominating Committee is responsible for developing and monitoring the Corporation's approach to corporate governance issues and has primary responsibility for identifying prospective Board members. The Corporate Governance and Nominating Committee, among other things, oversees the effective functioning of the Board and oversees the relationship between the Board and management. The Corporate Governance and Nominating Committee has been mandated to annually review and make recommendations to the Board with respect to: (i) the size and composition of the Board; (ii) the appropriateness of the committees of the Board; and (iii) the contribution of individual directors. The Corporate Governance and Nominating Committee is required to meet at least annually and to report to the Board following its meetings. Term limits are not considered necessary, as the Board believes it has adopted sufficient practices and mechanisms for renewal. In particular, the Board has appointed a Corporate Governance and Nominating Committee comprised solely of independent directors in order to assess Board renewal and skill requirements, and to identify potential Board candidates. In addition, this Committee completes annual Board and individual assessments, and provides directors with ongoing education initiatives. The Board believes that the perspective of longer services directors with industry experience is of benefit to the Board. The continuity of board experience has also assisted the Board in making investment decision with a long-term focus.
